beck chat

Good afternoon and welcome to our visitors today Wycombe Wanderers football club.
Martin O'Neills team have settled into league football very nicely and coupled this with a tremendous result in the FA Cup at Bristol Rovers their climb is still on an upward spiral. And everybody at Wycombe should be congratulated on a job being well done.
Todays fixture will mark the start of a very difficult period for our lads when they will have to encounter most of the top teams in the division plus two very hard away ties in the both the FA Cup and the Autoglass. We obviously know of the importance of this period and if you take into account another factor of the weather which will affect the state of the pitches we play on, then in my opinion by early January will have sorted to coin an old cliche "the men from the boys." I hope we will have continued to entertain along with keeping ourselves in a position to gain promotion.
There have been several success stories in the past month but the one that has given myself the most pleasure is our reserve game against Burnley in midweek not only did we win the game and go fifth in that league but we achieved an attendance of 1320 supporters a figure that some 1st teams would be happy with. I must congratulate those fans that braved the cold weather and I hope they continue to come and cheer on our squad players. What an achievement! I do believe we can get 2,000 fans at every Pontins home fixture. It reminds me of a famous Bill Shankly quote when talking to the press, "There is only two teams in England that's Liverpool and Liverpools Reserves" I hope one day the quote will be with Preston in mind.
Football is about opinion arrived at by thoughts of everybody that watches, plays or is involved with football in any shape or form. There is an art to thinking and I hope everybody will be inspired by the following passage.
The art of thinking is the greatest art of all, for "as man thinketh in his heart, so is he!! The thinker knows he is today where his thoughts have taken him and that he is building his future by the quality of the thoughts he thinks.
He recognises his sovereign control of his own mind and decides what will enter his mental kingdom through his sense gateways, he thinks for himself considers the evidence, seeks the truth and builds his life upon it.
He sets no limitations on the power of thought, he recognises that big thinking precedes big achievement.
He creates mental pictures of his goals, then works to make those pictures become realities, he knows that everything starts with an idea and that the creative power of thought is the greatest power in the universe.
He sees with the"single eye" of intense concentration, seeking facts just as a powerful searchlight penetrates the darkness.
He keeps an open mind, observing, analysing considering, questioning looking for the hidden key which will unlock the problems.
He thinks of his mind as a factory and gives it the raw material, the facts and data, from which ideas are fashioned.
He thinks both objectively and subjectively he gathers mental power both from the world without and the mind within.
He uses the magic power of his subconscious mind commanding it to come up with ideas while he sleeps knowing that thought, like a tree, grows night and day.
He studies the laws of cause and effect and strives to work in harmony with them.
He approaches problems both intuitively and logically he uses the light of his imagination to create and his critical mind to judge, he tests inspiration with logic.
He avoids the one track mind and sends his mind in all directions to expand the range of mental horizons.
He strives to develop a mature mind without losing the simplicity of childhood. He creates ideas with humility knowing that behind the idea that he calls his own are the thoughts and efforts of many men.
He realises that he is at his creative best when he is in time with the infinite, when he is open and receptive to the higher powers of mind and spirit.
He exercises his God-given power to choose his own direction and influence his own destiny and he tries to decide wisely and well.
Thank you for your support and may I be the first to wish you all a Merry Xmas and drive home carefully.

a.g.news

This is the season of change at Deepdale. Not only in terms of our current success on the field of play, but in the many and varied developments in the club's commercial business.
We have, in the past four months, re-vamped the way we do almost everything and the response from supporters proves that you are aware of our aims and intentions. We want Preston North End to be able to stand shoulder to shoulder with the very best. There is not the space here to outline everything that we have and are attempting to achieve.
Today we have encouraged the town's unemployed and students to take advantage of a half price admission scheme on both Town End and Kop.
That is another step forward and I believe we have now carried out the wishes and hopes of many of our keenest followers who were anxious to see the club's overall thinking move with the times.
I am determined that we don't ever get complacent. We will endeavour to keep trying in as many areas as possible.
Any recent visitor to our Club Shop will have seen the large number of quality items in stock. Representatives of the ISA contacted me the other day with additional ideas and please keep the suggestions coming in.
We are here to listen and react. Commercially we want to keep aside with the progress of the football team
Together we can, we will, be successful.

wycombe wnderers

RECENT HISTORY

Last season saw Wycombe achieve the success that they had just missed out on the season before. In May 1992 the Wanderers were disappointed after missing out on promotion purely on goal difference and not surprisingly they began the 1992-93 campaign as firm favourites for the title. They lived up to and surpassed expectations by, not only achieving promotion to the football league, but also winning trophies and setting club and conference records along the way. The Championship was virtually secured by the end of March and the final winning margin of 15 points proved to be a Conference record. The 'Choirboys' collected the FA Trophy for the second time in three seasons and the Championship Shield for the second successive season. They also managed to reach the second round of the FA Cup only losing by one goal after a replay against West Brom. Not surprisingly this amount of success attracted fans in their thousands and the club attained an average league attendance of 4602 - yet another all time Conference record.

THE MANAGER - MARTIN O'NEILL

As a player O'Neill won most of the game's top honours at home and abroad mainly with Nottingham Forest where he began in 1971. He was capped 64 times for Northern Ireland and captained the Irish team in the 1982 World Cup finals reaching the quarter finals. He made over 300 appearances for Forest before moving on to Norwich, Manchester City and finally Notts County where a serious knee injury ended his playing days in 1985. Martin started his managerial career at Grantham Town in the Beazer Homes League Midland Division before moving onto Shepshed Charterhouse in the HFS Loans League before business commitments forced him to quit. He became manager of Wycombe in February 1990 and in his short spell at the club, has led the team to league status by winning the Vauxhall Conference, Wycombe have also won the FA Trophy (twice), the Bob Lord Trophy, the Vauxhall Championship Shield (twice) and the Berks & Bucks Senior Cup since his appointment. O'Neill turned down the offer of becoming manager at Nottingham Forest, clear evidence that his heart lies with Wycombe. He won the first Mnager of the Month award this season in August.

Scored his first league goals for Wycombe when he notched two last week against second place Crewe.

TIM LANGFORD... Previously with Dudley, Tividale, Stourbridge and Halesowen Town, the 28 year old signed from Telford in March 1993 for £15,000.

ALEC NORMAN... Reading born striker who signed a full-time contract a the start of the season becoming the first player to come through the recently reformed youth team. Made his Conference debut at Stafford last April.

THE SEASON SO FAR...

Wycombe's first ever Football League season has started off very well. The Bookies' favourites at the beginning of the season lie in fifth place after last week's 3-1 home win over second place Crewe. Their opening league game at Carlisle United resulted in a 2-2 draw and ironically the first goal scored in the league for Wycombe was put away by Carlisle defender Chris Curran with Steve Guppy scoring the Wanderers' first "proper" goal. A week later Keith Scott made history by becoming the first Wycombe player to score a league goal at Adams Park in the 1-0 win against Chester. The Choirboys have only lost twice in the League this season, one being a comprehensive home defeat at the hands of Colchester (2-5) and the other a 2-3 defeat to Lincoln. However, Wycombe have yet to lose away from home being somewhat draw specialists on their travels with five draws out of eight. New signings have not been in abundance this season but Wycombe have just profited from one major sale. Keith Scott, Wanderers' top scorer so far, signed for Swindon last week for £300,000 and scored on his Premiership debut in a 2-2 draw with Ipswich. Today's contest could prove interesting with the Division's away draw specialist playing against Preston who have not yet drawn at home.

living in the basement
by Brian Ellis

Pity the attendance figures at Pontins League matches don't get broadcast throughout the game these days, because a few clubs in the lower divisions would have been rubbing their eyes in disbelief this week.

You can hear them now can't you? Preston North End 3 Burnley 2 (att. 1,340) surely a misprint, old boy!

But, no it wasn't. Indeed if you add the odds and sods who were in there on complimentary tickets, it was probably more like 1,400.

Now in Old Trafford terms that is about par for the course at a youth team match. But for the reserves of a club currently in the basement of the Football League? That's not bad going.

And, if you happen to be on the board at such frozen outposts as Scarborough and Hartlepool, we're talking bottle green with envy.

To put Monday's Deepdale gate into perspective, it was a full 283 higher than the league match between Scarborough and Shrewsbury at the McCain Stadium on September 25th.

And perhaps even more surprising, it was only 190 fewer than turned up for last Saturday's fixture between Hartlepool and Wrexham - in Division 2. Both are seasonal lows for their respective divisions... so far.

Scarborough have also had a 1,510 for the visit of Chester. Down at Hereford they have seen 2,000 crowds for three league games 1,813, 1,848 and 1,900.

But while the news of North Ends bumper reserve gate might not reach these clubs, it will certainly trickle down the M6 to Wigan where they too have reason to feel envious.

Latics have had a 1,434 turn-out this season for the visit of Mansfield that's only 94 better than Monday at Deepers and they have also seen crowds of 1,682 and 1,889 in the league this term.

One way of softening the blow for the less fortunate would be to admit that Preston hardly scooped a fortune at their Pontins party, with kids free and adults just a quid.

But that wasn't the primary intention. Getting bodies on to those terraces to roar the lads on was the real motive, and you have to say it worked.

And today's half price experiment for unemployed and students is another way of boosting support, both numerically and vocally.

So isn't it heartening to see a club already attracting large crowds because of its success on the field prepared to look at new ways of cutting admission prices to boost gates even more?

Yes, credit where it's due, these are not gimmicks designed, like so many others, with the sole intention of parting Joe Public from his cash. The Pontins League scheme could actually have cost North End money to introduce had it not been so well supported.

And the same danger applied today when the club took a gamble on losing a bundle to let students and jobless in for half price.

Anyone can slash prices when a crisis demands it. But how many would be **solid** enough to start cutting when the gravy train is in full steam?

Good on yer Preston. And here's to the next lot or reductions.

a pat on the back

Copy of letter received from a guest of Grahams Toiletries, a local firm who enjoyed a "Hospitality Day" at Deepdale against Darlington.

"Preston North End are a football club with a history second to none and on one Saturday afternoon a large group of gentlemen and myself were fortunate enough to feel as if we had become part of PNE's history however small a part is was.

We arrived at 12.30pm on the 6th November unsure of how we would be received, but all our apprehensions were left at the main entrance because once we had entered this amazing ground the staff were as professional as the club they represent.

Our host led us upto the directors' lounge and explained what the day would involve which was a meal in the players' lounge, a guided tour of the ground including inspecting the pitch, the best seats in the house to watch the game, drinks at half time and more drinks at full time. Our anticipation was short lived, as one o'clock approached everyone was in their respective seats awaiting the arrival of 'the whites'.

We had positioned ourselves so as not to cause to much of a 'stir'. No sooner had we gained our composure than they began dribbling down the left, as if it was a natural, we knew then this was not going to be a walkover. We cleared our area with relative ease, even so we were quite happy to make it through the 'first course' without any casualties, then we relaxed, ready to accept their next offering, that was our first mistake, we thought they were giving it to us on a plate, they came into our area one after another fully prepared to give it to us. We seemed to just sit and watch as they came down the right then the left the more we tried to clear the more they brought back, it looked as if we were going to have to concede at least once today. Then came the icing on the cake (well almost) they were at it again but by this time we had created enough space to deal with what we thought was their last show. The tension was starting to mount as it wouldn't be long before the referee would be blowing his whistle, or at least that was what we thought In a last ditch attempt to fill the gaps that they thought we had the waitresses brought in cheese and biscuits which we devoured at our leisure.

After our appetite was fulfiled we got down to the game at hand, our host took us through the ground talking about todays game, to our disappointment he didn't mention any of us playing in todays important match, however, he had allowed us to meet some of the players and one of the most well respected and much admired former footballers of recent history, the President of PNE Tom Finny. Then came every Preston North End supporters dream, going down the tunnel onto the pitch on match day, by this time all the players were on the pitch warming up, many of the fans had taken up their places. We had to make our way back up through the tunnel, taking in as much as we could on our way to our seats.

As a large number of our party and myself are everyday workers, to have the chance to meet and belong with successful business men and professional footballers on a one to one level and also to feel that we were a valuable part of the day was in it's self an experience to be remembered.

It's funny how a day such as this affects people in different ways but even 'non fanatical' supporters of PNE could not help but feel the excitement and the atmosphere of the match slowly building, even though we were made to feel as relaxed as possible. I can honestly say without fear of contradiction that today was the best way to enjoy football. **The only way to watch football.**"

season 1950-1951

19th August 1950 Home vs Man City Lost 2-4

Preston North End put the town under an early depression by losing the opening game of the season, played at Deepdale against Manchester City, who were apparently the brighter livelier, more purposeful and better balanced side according to the match reports. North End failed to fulfil their early promise, the forwards became ragged and the defence, Mattinson apart was hesitant and uncertain and altogether had a thoroughly bad day. But the Championship is not a sprint, its a marathon. The best was yet to come Manchester City had just been relegated and were favourites to bounce straight back into Division One. North End lined up without crowd favourite, Tony Finney, who was side lined by appendicitis. Harry Anders stood in for him on the right wing. Preston, captained by Joe Walton, took the lead after 9 minutes through Quigley. Docherty originated the move which involved Anders and goal-scorer Quigley. They had not finished congratulating themselves when City took advantage of slack marking and equalised within 30 seconds of the opening goal. Just before half time Gooch was beaten for a second time but the effort was ruled offside. North End regained the lead just half a minute into the second half when Quigley shook off a challenge and shot through after good work by Anders and Morrison. As in the first half City equalised immediately through Westcott who took advantage of dithering play between Walton and Gooch who both left the ball to each other. With 56 minutes played Smith put City ahead from what appeared to be an offside position, but the referee ignored the defenders pleas. North End's defence were rattled and in the closing minutes Clarke put the result beyond doubt for a well earned away win.

25th December 1950 vs QPR Away Won 4-1

North End who had to travel down to London for the Christmas Day fixture against Queens Park Rangers turned in an accomplished professional performance in beating their southern opponents by 4-1 at Shepherds Bush. Preston's forwards were the match winners, blending together sweetly and astonishing the 16,790 spectators by the simplicity and effectiveness of their goalbearing moves. Ken Horton had an inspired day getting through a great deal of work both with his untiring running and his accurate passing. Finney took advantage of Horton's "spoonfeeding" and toyed with QPRs insecure defence. Charlie Wayman, so nimble and elusive, gave Woodward, the home centre-half a torrid time down the centre of the pitch. With only 31 minutes played Wayman had scored his first hat trick for PNE. His first goal was an extraordinary effort heading into the net backwards from a lobbed centre from Tommy Docherty. His second was smashed in from a centre by Finney while his third goal was side footed home after side stepping his marker. In that demoralising period for Rangers the match was won and lost. With 58 minutes played Wayman grabbed his fourth goal of the game ending a lovely move which involved all North End's forwards. A minute later Waugh pulled one back for QPR.

It was even reported that North End's defence looked suspect under pressure so it was perhaps as well for PNE that they soon developed a commanding lead. Only one point separated the top 5 teams at this stage with North End occupying second spot behind Coventry City.

PNE 1950 - 1951

24th March 1951 vs Blackburn Rovers Home Won 3-0

Blackburn Rovers arrived at Deepdale hell bent on doing their best to end their old rivals four month old run of league success but finished up a well beaten side. North End fielded an unchanged team for the seventh game on the trot, including the Australian International Joe Marston at centre half in the place of Harry Mattinson who had broken his leg against Huddersfield Town in the 4th Round of the FA Cup. Blackburn could have gone into a two goal lead well before North End got into their stride, but failed to take their chances. Blustery conditions cheated the large crowd of some of the classy football they had expected to see. North End's stamina told in the end as the Rovers faded after a bright start. PNE were 'on a roll' and their winning streak continued as Willie Forbes opened the scoring with a swerving snap shot that completely deceived the Rovers' goalkeeper. Blackburn actually kept Tom Finney comparatively quiet by giving Eckersley and Bell the job of marking him. Ken Horton scored the second goal with an excellent header although some sources credited David Gray with an own goal. He could only smash the ball into the net in a desperate attempt to clear Horton's goal bound effort, but the ball was over the line before he intervened. The half back line of Docherty, Marston, Forbes kept the Rovers forwards Todd, Harris and Graham at bay and the visitors had no one comparable with Bobbie Beattie as play maker. In fact it was Beattie who completed the scoring later in the game. The 3-0 victory was Preston North End's 12th successive league win and put them well on course for promotion.

21st April 1951 vs Hull City Home Won 1-0

Nearly 38,000 packed into the Deepdale stadium to see North End's final home game of the season against middle of the table side, Hull City. One late absentee was leading goalscorer Charlie Wayman who had to cry off due to him developing a cold. His absence made way for the return of Eddie Quigley who had not been in the first team since illness cost him his place back in November. North End soon put their rivals defence to the test by playing attractive and progressive football in which Beattie was prominant showing some delightful touches. Preston's approach play was lively and full of skilful moves but lacked the finishing touch. Quigley was possibly trying too hard after his recall to the team but the effort was plain to see. His positional play had the stamp of experience and class but his over anxiousness to score showed through. Half way through the first half Tom Finney was fast making headway for goal when he was floored in the box, but the referee, Mr Murdock from Sheffield overlooked what seemed to be a blatant penalty. He also rejected a claim by Horton for hand ball in the penalty area a few minutes later, much to the crowds displeasure. After 42 minutes it was party time, Morrison placed a corner kick low into the goalmouth and found Beattie who in turn pushed the ball into Finney's path. The maestro did the rest, flashing a shot past Robinson in the visitors goal. Even though Hull were over run by a superior side no more goals were scored. In gaining their 26th league victory of the season Preston North End duly crowned themselves undisputed Second Division Champions.

schools news

Over the last three weeks, Preston School FA have had great success at all three district levels, Under 19s, Under 15s and Under 14s and what started as a drab season looks to be developing into a brighter one.

Under 14

In the Area 3 Competition, the Under 14 Woodward Cup, Preston entertained Trafford at Penwortham Holme and despite conceding two goals in the final quarter of the match still ran out easy winners. they will oppose Wigan at home in Round Two.

Under 15

The equivalent competition at Under 15 level, the Alder Cup, saw an even more impressive result, although the performance still left much to be desired, two defensive errors one from each side, saw the teams change round level at half-time with Stephen Barnes (Broughton) taking advantage of Hyndburn's mistake but it was the first twenty minutes of the second half which decided the result of the match.

Preston stormed into a 4-1 lead as a result of an inspired performance from all the team, David Mason (Archbishop Temple) overlapped on the right and crossed onto Andrew Duffy's (Fulwood) head who made no mistake, a goalmouth clearance came out to Denny Mounsey (Our Lady's) who showed his gratitude with a thirty yard blockbuster, and Stephen Barnes put the result beyond doubt with an individual effort.

Despite a late consolation goal from Hyndburn, Stephen completed his hat-trick and restored Preston's three goal advantage.

Preston will now meet Stockport at home in the week after Christmas.

Friendly

After the cup match, Preston travelled to Chester for a friendly in which they lost 4-0 despite showing a discipline that had previously eluded them and despite dominating the play for long periods. Chances went a-begging for the Preston forwards, but perhaps they were saving the goals for the cup matches.

The rest of the players in the two matches were: Banks (Broughton), Mark Kilshaw, Alan Cockburn, Stuart Cliff (Our Lady's), Paul Cruse (Longridge), Lee Cadwallader, Mark Haydock (Ashton on Ribble), Chris Keenan, Damien Gallagher (Corpus Christi), Glen Ireland and Stuart Phair (Fulwood).

Future

Preston's remaining fixtures before Christmas are: November 27th v Blackpool (U15s/14s) home: December 4th v West Lancs away: December 11th v Chorley (U15s/14s) home: and v Huddersfield (U15/14s) away.

E.S.F.A.

In the Lancashire section of the E.S.F.A. Under 19 Mars Competition, both Preston Colleges are thriving in the knockouts.

Cardinal Newman College beat Blackburn College of Technology 2-1 thanks to goals by Mark Delaney and Andrew Taylor, and now face Runshaw College in the quarter final. The Cardinal Newman team was: David Poole, Tom Beesley, John Murphy, Ben McKeever, Sam Whittle (captain), Tim Grayston, Andrew Dixon, Paddy Lawton, Tony Keefe, Andy Taylor, Mark Delaney, and subs Chris Murphy and Zaid Nakhuda.

Meanwhile, Preston College have stormed into the semi finals with a 5-2 win over Lytham St. Annes, a 7-1 win over Blackpool 6th Form College and a 9-2 demolition of Nelson and Colne College last week.

In the Nelson game, twins Anthony and Kevin Connolly scored four and three respectively, Tommy Taylor came on as substitute to net and one own goal completed the scoring.

Preston now meet Cardinal Newman or Runshaw. The Preston team was: Alistair Mews, Andrew Whiteside, Greg Fernie, Craig Shirtcliffe (Capt.) Marvyn Dickinson, Joe Alder, Stuart Drummond, Matthew Ogden, Anthony Connolly, Kevin Connolly, Lloyd Costello, and Subs: Tommy Taylor, John Kennedy, and Ian Verow.

Memorial

Tickets are still available for the P.S.F.A. Memorial Service and Nostalgia Evening on Friday December 10th, 7.30pm at St. Ignatius Church (Meadow St) and Social Club (Pump St.) £5 from Dick Clegg (Preston 728164), 47 Leadale, Lea, Preston PR2 1YU.

Obituary

The condolences of the P.S.F.A go to the family of Harry Flynn who died last week. Harry won an L.F.A. Cup medal for St. Ignatius in 1934 playing in the same team as Dick Finch and Derek Webb (both recently deceased).

Football's biggest fan is its £36m supporter

By next August, standing will be a thing of the past at many of our football grounds as clubs meet the Taylor requirements.

Clubs who choose to retain some standing must make sure that terracing is safe – for many, an expensive commitment.

The Football Trust has an annual income of over £36m – virtually all from the pools companies, Littlewoods, Vernons and Zetters.

Implementing Taylor is a huge undertaking and *every* club counts on **THE FOOTBALL TRUST** to help to see the job through.

football beat

Welcome to the latest edition of Football Beat after what seems a very lengthy break. Wycombe expect to bring about 1000 supporters to today's fixture, so let's make them feel welcome. I am told that they are very vocal in their support for the team, although I am sure the Town End will surpass them in the singing stakes!

★ ★ ★

The game against Darlington passed off without incident, thus maintaining Deepdale's (mostly) trouble free season. Both myself and Phil Billsborough attended the FA Cup game at Mansfield and last Saturday's league fixture against Carlisle. The atmosphere at Mansfield was excellent despite some initial nervousness about the de-segregation in the Main Stand, there had been some trouble prior to the game (which the local police openly acknowledge was caused by Mansfield's hooligan element), but by the end of the game North End supporters were shaking hands with Mansfield supporters which is the way it should be. The game against Carlisle was plagued by trouble before and after the match, but again it was caused by their local hooligans. The recent support for North End has been magnificent. Although Mansfield police set a figure of 1500 for the FA Cup game, we are quite confident it breached 2000, the areas set aside for North End supporters actually held 1500, but it was obvious that they were all around the ground so many were unaccounted for. Similarly, the official figure for the Carlisle game was 2662, but we are confident that the real number exceeded that.

★ ★ ★

On the home front, we were glad to see that the pushing and jumping on the Town End was considerably restrained during the last home game, please, let's keep it that way then we don't have to talk about reducing the capacity or, worse still, losing the Town End.

Travel Report

Carlisle - 20th November
Carlisle is always an easy ground for travelling supporters to find. On this occasion no-one should have had any trouble. With thousands of North End supporters making the journey it was just a matter of following the traffic jam from the Motorway. The pavements along the route to the ground were full of parked cars - an expert traffic warden could have had a really enjoyable afternoon while the match was on!
It was good to see such large numbers of supporters on their way to a third division game. In general the ground was well able to cope. Brunton Park although looking rather old-fashioned, has ample standing accommodation. However there were problems because of the limited seating available. North End fans who bought stand tickets from the ticket office were refused admission to the stand because it was full. Neither stewards nor police seemed to know what the situation was. Eventually everyone was easily accommodated on the terraces but not before a lot of people had become frustrated and annoyed. There had obviously been a bad miscalculation by the Carlisle officials which could easily have resulted in trouble outside the ground. We have written to the club expressing our concern and asking for an explanation.
Apart from the above the main problem at Brunton Park is the car park. The entrance over a narrow bridge is a nightmare for coach drives. The way out from the ground to the car park is also muddy and badly lit - a potentially dangerous combination.
Entrance to the ground is reasonably cheap (£7 for seats, £5 to stand but no concessions). The ground is large with ample terracing, no fencing and a good view of the pitch. Very little of the terracing is covered, luckily the cold weather was not accompanied by rain or conditions would have been very uncomfortable. The away section were largely stewarded by North Ends' own stewards which made for a relaxed and friendly atmosphere inside the ground. At the end of the game, the very large North End following were able to celebrate their teams victory before leaving the ground, warmed by three points gained.

Safety First

With large crowds attending all North End home and away games, safety is becoming even more important. One North End fan returned from Mansfield with a broken wrist caused by being crushed against a barrier when the crowd surged forward following a Preston goal. Supporters are bound to get excited in such circumstances but they should remember the safety of fellow fans, especially as we still have to convince the authorities of the safety of terraces to avoid having all seat stadia imposed on us.
Best wishes to John Willcocks for a speedy recovery. It was good to see John on the terraces at Carlisle in spite of his injury.

ALL EMERGENCY ANNOUNCEMENTS WILL BE PRECEDED WITH A CHIME.

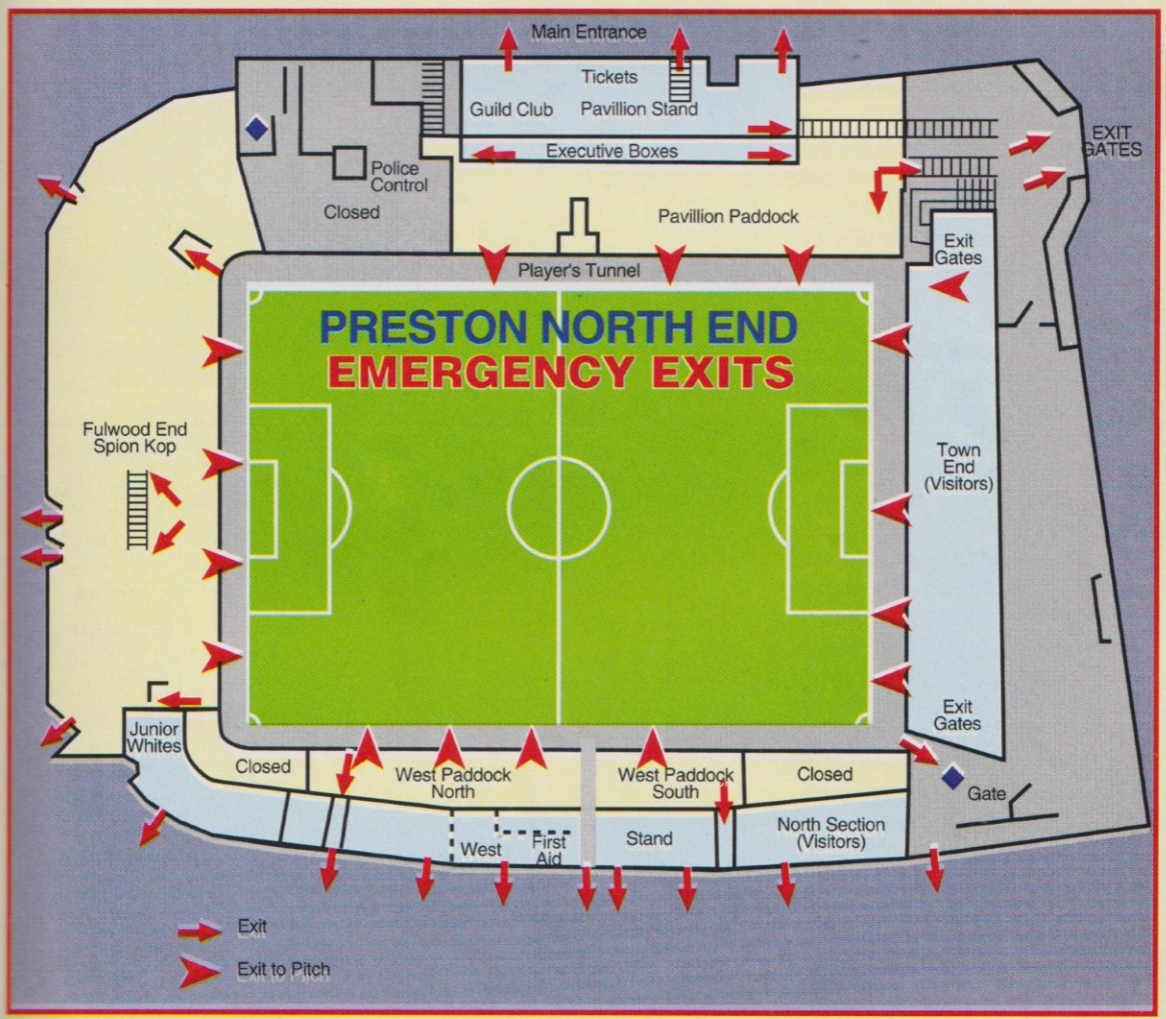
The announcements may direct spectators in a specified area of the ground and require evacuation through exit gates to the outside of the ground or through perimeter exit gates onto the pitch.

Club Stewards and Police Officers will assist in directing and assisting spectators to the safest locations.

If requested to vacate a specified area of the ground spectators should do so as calmly and quickly as they can to assist in a safe and speedy evacuation.

Spectators who arrive at the ground by private transport should not park in front of any entrance or exit gate and follow the directions given by car park attendants in allowing an access corridor for emergency vehicles. In addition spectators are requested not to try and move their vehicles from the Club car park in an emergency as this is likely to hinder the access of emergency vehicles and contribute to congestion outside the ground.

Your assistance in this matter is greatly appreciated.



Today is a bit special for me as Wycombe Wanderers come to Deepdale for the first time. And I would like to make a personal welcome to all my workmates and friends who I know are making the trip today. A special welcome to Dave Wright, Andy Free, Dave Baker and my 'grandad' David Payne who I know have all got the Wycombe blue blood running through their veins!

As I live nine miles from High Wycombe they are my local team and I have visited their Adams Park ground many times over the past few seasons. As I have said before the North End fans will be very impressed with their stadium in that last game of the season and it will be a trip we can all look forward to, especially if the league positions are the same as now. But one thing is also certain, the Wycombe fans have been looking forward to visiting our home too, and many will savour the atmosphere and remember all the famous players that have walked out onto Deepdale in the past.

I have to explain that for once they will be visiting a proper football town and that they will experience something special from our fans. But they are a great bunch and will certainly enjoy their day out. As you can imagine I have had to stand up to some fearful stick this season and in some ways I have been dreading this meeting, but I am very confident of victory especially as 'Scotty' has been sold to Swindon. 'Scotty' is of couse Keith Scott, a terrific player who the Wanderers will miss badly, although after last week's win against Crewe I'm not so sure. But the Preston players will have to watch Steve Guppy, a lively winger, and Andy Kerr, a very good defender. (I tried to get my brother Les to nobble him so he might be struggling to play today!) And I doubt whether the plastic will bother them, after all Bisham Abbey is just down the road from Wycombe and they have a brilliant plastic pitch to train on.

So all is set for my game of the season, a win is vital for me, as then and only then can I face my daughter's boyfriend when I get home, and also go to work on Monday!

It has been a pretty depressing time on the International front and all of us who endured the England game in San Marino must have been willing the score flashes from Poland to change to something better. Alas, it wasn't to be and the Word Cup has now lost its' appeal to this fan. However I still don't subscribe to the belief that this country cannot compete with the best in the world. We have the players, we have the ability we just need to harness it all at the right times. If you notice, over the years, our best performances usually come in friendlies, that must change. If it does then ever the optimist, I feel sure our day will come again.

★ ★ ★ ★ ★

If you think our performance left question marks then what about the French? When Eric Cantona put them in front against Bulgaria they must have felt they were on their way. But what a heartbreaker to lose that goal in the final minute which gave Bulgaria the win and qualification. Rumour has it that the French government is bringing back the guillotine, and that is just for the manager!

football talk with Mike Payne

As a member of the Association of Football Statisicians I receive their reports regularly and I would like to quote one piece that caught my eye in the most recent edition. It read, "Having recovered from the shock of my team, Shrewsbury Town losing 6-1 on the plastic pitch at Deepdale - obviously a one off! - it occurred to me that it must be some time since they had conceded so many goals in a game. A check of the records confirmed that my memory had not yet failed me but even I was surprised to find that it was nearly 29 years ago, on December 18th 1964 when Town last conceded six goals when beaten 6-2 at Barnsley. They had played 1,274 league games until that fateful Saturday in August 1993." That gem came from Barry Browett. Don't you just love it when long runs are brought to an end by North End? And by the way, Wycombe are still unbeaten away from home in the league.

★ ★ ★ ★ ★

Do you like old fashioned centre-forwards? If you do then you should try and obtain a copy of the video of the Derby v Wolves match of a couple of weeks ago. The man in question was Steve Bull and if his performance has been bettered this season then I have yet to see it. (Yes I know Tony Ellis is a better player, but I'm keeping that quiet from the Wycombe fans!) Seriously though Bully was superb that day and Derby just didn't know what hit them. There was a familiar face in the crowd as Billy Wright watched with delight. He must have had his memory taken back a few years as Bull's performance was very reminiscent of a young Nat Lofthouse. There can be no better tribute.

★ ★ ★ ★ ★

Why didn't the Beeb show North End's goals at Mansfield in the FA Cup? I was furious especially as I know that they had a camera there.

★ ★ ★ ★ ★

Did it make you wonder how Alan Shearer could make such a miraculous recovery from injury between the Wednesday and the Saturday? Having been unfit for the International he certainly looked alright when he played against his old club at Ewood last weekend. And what a superb volley his second goal was. I get a little annoyed at the number of times that these recoveries occur after an England game. And do you notice how many times the same managers are involved?

★ ★ ★ ★ ★

Two ex England stars are seeing their jobs on the line at the moment with Glen Hoddle and Terry Butcher struggling with Chelsea and Sunderland respectively. I must admit I was not convinced by Hoddle's managerial expertise. His success at Swindon was mainly helped by his ability as player, something which is not so evident in the pressure cooker of the Premier Division. Butcher, too, has had his problems switching from his playing days and his cause has not been helped by Newcastle's phenomenal rise in status. But one thing they have in common is that they eat, drink and sleep the game. Their football principles are unquestioned and if ever two people deserve to succeed it is these two. I wish them both well.

★ ★ ★ ★ ★

By the way, you may remember my crystal ball-cock predictions of the European matches in the Darlington programme. I knew I shouldn't have tried that! As you saw I was way out on nearly all of them although I did say Norwich would hang on by their fingernails. I think the one I was most surprised about was saying that Arsenal would draw 0-0 in Belgium. I mean whoever heard of Arsenal scoring seven away from home?! One thing though that I wish to add to this is that last weekend I did manage to get the five aways up on my coupon!

★ ★ ★ ★ ★

Are you as dismayed as I am about all this suggestion of a Great Britain eleven to represent these isles in the next World Cup instead of the four home countries? Surely if they are going to allow the likes of San Marino, the Faroe Islands and Latvia to have their own representation then surely England, Scotland, Wales and Northern Ireland's validity should not be questioned. I am an England fan and I have been brought up to support my country. I don't want foreigners in my team, I have enough trouble with our Test cricket side!

And Finally...

My book (England - The Complete Post-War Record) is apparently selling well. You Wycombe fans will hopefully soon read about it in the Bucks Free Press, whilst my good friend Brian Ellis, one of the greatest football scribes who ever drew breath (grovel grovel), will be doing something for me in the Post. Meanwhile if you all pester Paul Agnew he will order some for the club shop and I'm sure Tom Finney who did the Foreword, will gladly sign them for you. It will make a great Christmas present for any football mad person in your family and I sincerely hope the references to Tom will make it extra special to all Preston North End followers.

SCHOOLBOYS AT PRESTON NORTH END AND JUNIOR FOOTBALL FEDERATION

Please help our Schoolboys look the part.

We are looking for a sponsor to help kit out all our schoolboys. We have got teams from Under 10's to Under 16's. Each team is now desperate for a new kit, this includes shirts, socks, shorts, subs tracksuits and coaches coat.

I feel it is very important that our schoolboys look as good as they possibly can, which can only help to make them feel and perform better.

You may want to sponsor one kit or more. If so, please contact either myself on (0772 795919) or Andy Horn in our Commercial Office on (0772) 795465.

The cost involved would be approximately £350 per kit. Included in this price would be your Company's name on the shirts, tracksuits and coaches coat. There would also be complimentary tickets for one of our Executive Boxes for a home game.

Our teams are involved in fixtures throughout the North West region.

Anyone wishing to sponsor more than one kit would also receive advertising in our programme together with ground advertising.

Yours in Sport

SAM ALLARDYCE

Pontin's Central League Division Two

Preston NE Reserves 2	Mansfield Town Reserves 2
Holland 10, Burton 28	Wilkinson 41, Lucas og 77
HT 2-1	Att:- 374

North End always seem to be locking horns with 'The Stags" one way or another, for this encounter Kevin Magee the speedy Scottish Preston winger was in the side easing his way back to full fitness after breaking a leg in training, although it was some eight minutes before Magee touched the ball. He had a hand in both goals to give North End a two goal lead, the ball came over from the left bye-line Magee touched it on to Burton he in turn found Holland who sent a fine half volley past Pearcy to open the score, Holland fired a shot over the bar before Magee centred well for Burton to score, the youngster skilfully finding space to pick his spot.

At this stage Preston looked well in control until Mansfield struck just before half-time when in a crowded area the ball was lifted over the Preston defenders they appeared to freeze looking for a offside decision that never came and Wilkinson took advantage to reduce the arrears.

There subs took the field for the second half, Challender was replaced by Flitcroft and Parkinson came on for Burton, goalscorer Wilkinson was also withdrawn by the visitors.

North End came up against some very tight Mansfield marking but they got on top again Kilbane (F) and Parkinson both had efforts just over the bar, but a harsh referee's decision cost North End dear. Lucas won what looked like a fair tackle but he was penalised, from the free-kick taken by Morgan the ball was deflected by the luckless Lucas leaving Woods completely wrong footed and Mansfield were level, that's how it stayed, one point seems scant reward after leading 2-0 but no team from Field Mill is ever easy to beat as we all know at Deepdale.

Preston North End Reserves:- Woods, Masefield, Sulley (Capt.), Lucas, Squires, Callaghan, Holland, Challender, Kilbane (K), Burton, Magee. Subs:- Flitcroft for Challender (45 mins), Parkinson for Burton (45 mins)

Attendances at Deepdale for Pontins' League games are well up on last season, 600 fans watched the first five matches last term compared with 1,556 for this year, a 259% increase, carry on the good work you North Enders.

Tuesday 9th November 1993
Pontins Central League Division Two

Grimsby Town Reserves 2 Preston NE Reserves 5

The Preston party had traffic problems on the way to Blundell Park, forcing the players to get changed on the coach.

North End faced a strong Grimsby side, they fielded eight professionals plus Clive Mendonca on the bench, while we had three trialists in the squad, Martin McIntosh from Clydebank took the field with Jason Birch (North Allerton Town) and Andrew Pearson (Ashford Town) on the bench.

Preston took sweet revenge for last season's 5-0 drubbing at Blundell Park, but in the first half things seemed to be going the same way again with Kevin Jobling scoring twice giving the Mariners a 2-0 interval lead.

Grimsby found North End a different kettle of fish in the second half Preston stepped on the gas with their direct style of play they penned the home side in their own half for long periods and as the crosses rained in they began to wilt, North End went nap with goals from Burton, Norbury, Kilbane (K) (2), and Holland, they were still pressing for more goals at the final whistle, Preston's goals all came in a 29 minute spell, well done lads on a fine performance.

Official attendance 134

Preston North End Reserves:- Woods, Squires, Sulley, Holland, McIntosh, Kilbane (F), Masefield, Challender, Norbury, Burton, Magee. Subs:- Birch for Masefield (75 mins), Pearson for Squires (45 mins)

Winning 3-2 and into injury time youth coach Sam Allardyce was very disappointed that they failed to clinch victory, an injury time equaliser giving County Youths a point in a game which I am led to believe North End should have won easily, perhaps though this game will be remembered for the inclusion of Kevin Magee for his first competitive game since breaking his leg in training (pre-season) about 5 months ago.

Disappointing Display
I suppose it had to happen sometime! The first league defeat of the season but want a disappointing way to loose our proud 11 game unbeaten record (perhaps it would not have been so bad but it was against a team everybody wants to do well against), but to be honest and give credit to the visitors from Old Trafford they were the better side and deserved to win, they played the more skillful football and helped by some erratic defending by North End scored two goals to North Ends one. United's 2nd goal (75th min) came about from some downright sloppy defending. A centre defender was slow and in two minds in trying to clear the ball outside his own penalty area, finally getting his foot to it, he hit it against one of his own men, the ball being deflected into open space for the United forward to easily beat an exposed Andy Banks in goal, talk about gift goals! The United lads must have thought Christmas had come early this year!
North End had two good chances in the first half, a 29th minute near miss at the far post and a 38th minute free-kick by Kevin Magee which unfortunately went over the top of the bar, the 66th minute goal came from a corner on the right. The ball into the area was dispatched into the net by Richard Powell, although I personally thought somebody else got a touch in the goal-mouth scramble.
Although North End pressed hard for an equaliser in the last ten minutes, their tactic of persisting with long throw-ins into the goal-area to the near post for tall striker John Calligan to back head into the goal-mouth failed miserably, the United keeper soon getting wise to the tactic. My own personal feelings thinking about the game later was that the team was let down by the two allowed professionals players in the side (although most likely playing to orders). They both had quite games and lacked the leadership they should have been showing the young trainees who look up to them for guidance and perhaps that little bit of extra skill and endeavour which was not forthcoming. Let's hope we can get back next Saturday to the 'football' that has brought us success this season

What a difference a week makes, after last Saturday indifferent performance against United, this game was as if we had been in a period of darkness, and all of a sudden the clouds lifted and out came the sun. For the tactics had changed and the 'lads' were playing 'pure football' creating more opportunity with a lot of wing-play from the more industrious Kevin Magee helped by Chris Brandes on the right side. They created by building from the back that many chances I lost count, twin strikers Phil Heavey (now returned from his loan period at Netherfield) and Tony Powell both had first half opportunities, Paul side footing the ball into the net from a right wing cross (7th min) while Tony put two chances over the bar from close range (14th and 40th min) in between those spurned chances Chris Brandes made it 2-0 (15th min) forcing the ball into the net in a goal-mouth scramble before the visitors scored their one and only goal of the match (23rd) which could be classed as a goal' as the ball only needed 'tapping in' after Andy Banks had punched a corner ball up in the air.
Jamie Squires having a below average game at the centre of the defence in the first half was at the receiving end of big Sam's wrath (who was in fine verbal form). He answered his mentor by a outstanding performance in the second period scoring two opportunist goals, the first within a minute of the re-start (46th min) after North End had hit the post, a scramble in the goal area ended when Jamie in a good position shot into the net, his second goal was the better of the two. Kevin Magee was obstructed on the left side of the goal area. The free kick by Chris Holland on the far post was met gratefully by Jamies head which powered the ball into the net (68th min).
Tony Powell who had hard luck with his two efforts in the first half was rewarded for his endeavour with a goal on 58th min, Kevin Magee again centred from the left Tony heading in at close range.
So, an outstanding performance which lifted the 'gloom' of last Saturdays game, and although it rained, throughout the entire match, who cared! 5 goals and 'back on song' plus an outstanding display from an outstanding player, Kevin Magee.
